Peach Whiskey

This hand-crafted spirit starts with a smooth, one-year-old corn whiskey, blended with ripe, juicy, locally sourced peaches and cut with crisp, naturally filtered water from our Kansas glacial-drift aquifer. Distilled locally for a naturally sweet, fruit-forward flavor that stands out on the shelf. Premium quality, crafted for customers who appreciate true spirit craftsmanship.

Shelf Ready: 750ml bottles, perfect neat, on the rocks, or in refreshing cocktails.
